The screenshot shows the GotFreeFax.com website in a browser window. The page features a navigation bar with links for 'Home Page', 'Lab Usage History', 'Labwiki', 'HP LaserJet 2005n', and 'Online Surveys and O...'. The main content area includes the site logo, a 'Send Free Fax Online to the U.S. and Canada!' tagline, and several service options: 'Virtual Fax Service', 'Try Fax.com Free', and 'Rated #1 in Fax for 2011'. Below these are three main sections: 'Sender Info' (with fields for Name, Company, Fax #, and Email), 'Receiver Info' (with fields for Name, Company, Fax #, and Subject), and 'Fax Content' (with options to enter rich text or upload a PDF/DOC file, and a checkbox for 'Use No-Ad Free Cover Page'). At the bottom, there are three service packages: 'Free Fax Service' (labeled 'FREE'), 'Premium Pay-Per-Fax Service' (labeled 'PREMIUM'), and 'Premium/Business Prepaid Fax Service' (labeled 'PRE').
